FAMILIES OF SPERMATOPHYTES IN  
THE FLORA OF PANAMA

Each family of the Flora of Panama by Robert E. Woodson, Jr. and Robert W. Schery and Collaborators will be numbered as indicated below. This will make it possible to publish the manuscripts as soon as they are completed and edited. Families which have appeared in the Flora are printed in *italics*.

- |                           |                                |
|---------------------------|--------------------------------|
| 1. <i>Cycadaceae</i>      | 46. <i>Loranthaceae</i>        |
| 2. <i>Taxaceae</i>        | 47. <i>Opiliaceae</i>          |
| 3. <i>Typhaceae</i>       | 48. <i>Olaceaeae</i>           |
